## FIREMAN WAS WORST INJURED

Ertle Rigshy of Manilla Suffered a  
Brcken Left Arm and Deep  
Cut on Head.

REMOVED TO INDIANAPOLIS

The Engine and Caboose Did Not  
Turn Over as Was First  
Reported.

The wreck yesterday afternoon on the Big Four railroad, south of Williamstown, was not as serious as was first reported. Ertle Rigshy, the fireman, was injured more severely than the other members of the crew. His left arm was broken and he received a deep cut on the head. It is said he will recover. Rigshy was taken to St. Vincent's hospital in Indianapolis last night. Rigshy's home is in Manilla and he has only been in the employ of the railroad a short time. His headquarters were at Wabash. Charles Hall of Greensburg, the conductor, escaped with only a few bruises and the engineer, Frank Nicely of Wabash, was not injured. The entire crew state their escape from death was miraculous.

The engine was one of the lighter types used on the road and was sent from this city to bring the wrecking crew here from Greensburg, to place an engine on the track near the Park furniture factory. The engine was running backward and was pushing the caboose. The train went through Milroy at 3:17 o'clock and nine minutes later the wreck was reported to the dispatcher at Wabash. The engine was running at a high rate of speed and was so light that when the curve was hit, about 200 yards south of Williamstown, it jumped the track. The engine pulled the caboose off the rails and together they went into the ditch. About 150 feet of track was torn up and it was after 11 o'clock before traffic was resumed.

Rigshy was found lying unconscious between the engine and tender and it is believed the shaker iron hit him, causing the wound on his head. The wreck occurred without a moment's warning and he did not have time to jump. The engine did not turn completely over, but was resting on one side at the east of the road bed. It is said the wreck would have proved fatal to the crew if it had turned turtle.

The accident at Williamstown was the third one on this division yesterday. A gravel train ran two cars off a derail in this city in the morning and the engine which was switching at the factories left the rails. The engine which was off near the Park factory was finally placed on the rails about 5 o'clock. Conductor Hall of the train that was wrecked near Williamstown, was asked to take a car load of live stock with him to Greensburg, but instead took the caboose. It was lucky that he did not take the stock for it would have been killed.

WILL TAKE UP WORK HERE.

Max Hazelrigg, who for a number of years has been in business with his brother, Dan, at Adams, will go to Rushville the first of next week, where he will be associated with Charley Wolfe in a photograph gallery there, says the Greensburg News. For some time past Mr. Hazelrigg has been interesting himself in this line of work and the business is not entirely new to him. He is a fine young man, with a good business record, and Rushville people will find him always pleasant and agreeable. Max expects to go into the photograph business for himself after he becomes more expert in photography.

## SEARCH FOR HORSE THIEF

Authorities at Danville Send Description to Local Officers.

Sheriff Bebout received a notice from the sheriff at Danville, Ind., yesterday, giving a description of a horse and buggy stolen there. The animal was a bay mare about 15 hands high, with a diamond on her nose and a scar on the left hip. She had a short tail and paces when she starts off. The buggy had a yellow running gear and was thought to have the name of Scott L. McCurdy, a Danville painter, on it. The man who drove the rig away was smooth faced, wore a blue serge suit had sandy hair and weighed between 165 and 189 pounds. A reward of \$25 is offered for the recovery of the rig.

## RIDE TO REUNION IN MACHINES NOW

Families Gather in Stylish Automobiles Rather Than in Old-Styled Vehicles.

THEIR ABSENCE NOTICEABLE

To regular attendants at family reunions it is a noticeable fact that the farmers have made progress, especially in their mode of travel. Now the farmer goes to the annual gathering of his family in his automobile, while it was only yesterday that he rode in his buggy, carriage, and in some cases, his big wagon. Now the family comes in style that will vie with that of the wealthiest denizens of the cities. At the reunions of the week at the fair ground, the absence of buggies and carriages has been very noticeable and many people from other cities over the State have remarked of the scarcity of the vehicles that are passing as a mode for traveling among the country people. Most of the vehicles at the reunions have been automobiles. Who knows, some tillers of the soil may go to the gatherings of their clans in airships in a few years.

## SHIP APPLES TO OTHER MARKETS

For First Time in Many Years Crop  
is so Large That Many Are  
Shipped.

MANY BUSHEL GO TO WASTE

The spectacle of wagons loaded with apples being hauled over the streets of Rushville is a sight for sore eyes. Many are the years that have passed since apples were hauled from Rush county farms and shipped to other cities. It was that way in former years, so the county pioneers say, but it is not in the recollection of any of this generation when farmers had more apples than they could use or sell at the local market.

But this year it is different. Not a day passes that apples are not hauled to the I. & C. freight depot or to some railroad station to be shipped to other markets. The apple crop this year is the best in many years. Farmers have more apples than they can either sell, give away or use themselves. In many fine orchards in the county they are lying on the grounds, rotting and going to waste. There are few farmers who will not invite any stranger into his orchard and tell him to help himself.

## MEETING WAS BEST IN YEARS

Local Members of Y. P. C. U. Pleased  
With Outcome of Annual  
Convention.

IT CLOSED HERE LAST NIGHT

Bloomington Was Selected as Next  
Meeting and New Officers Were  
Elected.

Beyond any doubt, the best convention, one which was more productive of good and which had a moral tone that made it a thoroughly enjoyable event, was the annual session of the Young Peoples Christian Union of the Indiana Presbytery of the United Presbyterian church which closed last night. The convention here last night. The convention began Wednesday evening. The closing event last evening was an address by the Rev. S. R. Lyons, pastor of the Reid Memorial church of Richmond. The Rev. Mr. Lyons had for his subject, "Whom the Men Think That I Am." The general theme of the sermon was the manner in which people regard Jesus. It was highly appreciated and is considered by the local members of the Y. P. C. U. as one of the good addresses of the meeting.

Yesterday afternoon Bloomington was chosen as the place for holding the next annual convention of the society. The following officers were elected: Oren Taylor of Indianapolis, president; Ralph McElroy of Scotland, Ind., first vice president; Miss Mabel McCracken of Milroy, second vice-president; Miss Lella Logan of Springhill, Ind., secretary, and Wash Allen of this city, treasurer. The Rev. G. R. Brown of Indianapolis is the Presbyterian secretary.

One of the most pleasant and instructive parts of the program was the conference on the subject, "The Young People and the Church," at which Miss Anna Waite of this city presided yesterday afternoon. Miss Waite presided with such grace that she added a moral and uplifting tone to the conference that would otherwise not have been obtained.

The first talk of the conference, on the subject, "The Y. P. C. U., a Social Factor in the Community," was made by Miss Louise Boyd, the Princeton delegate. The Rev. William W. McCall, pastor of the Springhill church, discussed the subject, "The Relation of the Y. P. C. U. to the Pastor and the Pastor's Relation to the Y. P. C. U." Miss Grace Harra of Bloomington read a paper on the subject, "The Y. P. C. U., a Training School For Christian Workers." A general discussion on the various subjects was held after the reading of the papers.

Following the conference, the Rev. Paul Stewart, pastor of the U. P. church at Milroy, delivered a lecture on "Home Missions." His was one of the greatly appreciated talks of the convention.

At the morning session, the Rev. H. Sleman, an Assyrian, gave an interesting address on the subject, "Thirty Minutes With God and His Word." The novel manner of expression which the foreigner has was a delightful feature of his talk.

Forty-three delegates registered during the meeting. The attendance was as large as it has ever been at any convention and the local members of the society are more than pleased with the outcome of the sessions.

## THE WEATHER

Fair tonight. Cooler in northwest portion. Saturday fair.

## GET ATTRACTIONS FOR FAIR DAILY

Officers Find it Necessary to Move  
Building to Make Room For  
All of Them.

COME FROM ALL DIRECTIONS

Will be Necessary to Arrange For  
More Stalls on Account of  
Many Horses Promised.

That this year's Rush county fair will be better than any fairs have been in recent years, is the confident assertion of Will L. King, secretary as well as other members of the board of directors who are in close touch with the arrangements that are being made for the event. They base their opinions on the fact that a larger number of concessions and race horses have agreed to come here than ever before.

They are still selling space for shows and stands at the fair grounds and the ground manager does not know where the next space is coming from, so crowded are the conditions. Yesterday the poultry exhibition hall was moved farther east so that more room can be had for concessions. The exhibition hall will be repaired.

Mr. King returned yesterday from Carthage, Ohio, where one of the biggest county fairs in the Buckeye State is held. He said that they have one of the best fairs there that he ever witnessed. All of the concessions at the fair are in charge of one man and arrangements are now pending for all of them to be brought here. The owner of the concessions was expected to wire Mr. King today whether or not he would come. The manager was attempting to negotiate with Coney Island authorities so that he could locate there.

All of the concessions, with one exception, at the Greenfield horse show this week, will locate here next week. The one exception is alleged to be an objectional show, even though it is running wide open in Greenfield, and Mr. King would not contract with it. The secretary of the Henry Fair Association would not allow the show to open at the fair there last week and as a result the manager of the show brought suit against the association for \$1,000, alleging that he lost that much in profits last week. He says in the complaint that he was induced to go to the New Castle fair and was then refused space.

That the race horses will be here in greater numbers this year than ever before is evidenced by the fact that the managers are beginning to make arrangements for more stall room. Wherever the secretary and directors have gone in the last few weeks, they have received promises from horsemen to ship here for the annual fair. This year Secretary King expects to attract all of the stables from Bartholomew county, where a fair is in progress this week. This is something which the local fair authorities have never been able to do.

Improvement will be noted in every department of the fair this year, according to the superintendents of the various departments. There is every reason to believe that the show staff will be up to the average if not far above. It is believed that the floral hall will be filled with exhibition stuff and that the adjoining hall, where farm products are shown, will be overloaded as usual, with samples of Rush county's bounteous crops.

The free attractions this year are more numerous than ever before. The driving of little Ruth Fear will be a feature of each of the days when racing will be held. She will attempt to break the local track record with her horses. The slide for life, which

a man will make while hanging by his teeth, will be a thrilling exhibition each day of the fair. The Indianapolis News Newsboys' band will be a special attraction on the closing day. No difficulty will be experienced in getting to the fair grounds now since the road east of the city was opened yesterday and an excellent road is now provided for all fair visitors.

## HORRIE BROOKS WON ANOTHER RACE

Dave Wagener of Manilla is Thrown  
From Bike at Frankfort, But  
Escaped Injury.

GOSNELL TOOK SECOND MONEY

Horrie Brooks won another race yesterday with John D., at the Carthage, Ohio, fair. Brooks took the 2:18 pace in straight heats. The best time was 2:15 1/4. The purse was for \$350.

Dave Wagener of Manilla came near meeting with a serious accident while driving Billy H. in the 2:14 pace at the Frankfort, Ind., fair yesterday. In the second heat of the race, the hobbles on Billy H. slipped down, causing the horse to turn completely over. Wagener was thrown heavily, but escaped injury. The horse was not able to finish the race. In the first heat he finished third.

Curt Gosnell took second money with Celia W. in the 2:17 pace at the Rockport races in the Lake Erie circuit. He finished sixth in the first heat and then came back and finished second the next two heats.

Clyde Nebro won the 2:17 pace at the Muncie fair yesterday with Martin Kelly. Nebro finished third in the first heat, then came back and captured the next three.

## REGISTER KICKS AGAINST PRACTICE

Water Patrons Declare it is Unjust to  
Use Water From the Mains to  
Sprinkle Main.

WHEN SUCH ORDER IS IN FORCE

Real life-like kicks, not complaints, have been registered by the residents of streets other than Main on account of the fact that water from the city mains is being used to sprinkle Main street before it is swept every other night. Residents of other streets argue that they pay water rent as do the residents of Main street and that they are entitled to sprinkle their streets if the good city water which is held at such a premium just now, is to be wasted in Main street. It is pointed out that the driver of the wagon can get river water for that purpose if he will drive a few squares. Residents of other streets do not think it just that they should suffer from the shortage of water when the water is being wasted in Main street.

At a meeting of the city council Tuesday night the street commissioner was instructed to tell the driver of the sprinkler that he should not use water from the city mains. He had filled the sprinkler from the mains the night previous to that. Two residents of streets leading from Main say the wagon was stopped at a certain corner for some time until all of the pedestrians were off the streets so that he might fill the wagon when none would see him. Another resident says that he heard the driver taking water from the mains Wednesday night.

## LET CONTRACT FOR REMODELING

Odd Fellows Give Job to Emmett  
Kennedy as His Bid is the  
Lowest of Four.

ALL ARE LOCAL CONTRACTORS

Interior of Two Top Stories Will be  
Converted Into Modern Places—  
False Stories.

Already it is possible to imagine what the Odd Fellows building will look like after it has been entirely remodeled and changed into a modern and up-to-date structure. It has already been arranged for the building to be remodeled, as was announced a few weeks ago and it will not be many weeks before the work is started as the contract for the interior work was let yesterday.

Emmett Kennedy made the lowest estimate and received the job. His bid was \$4,100. All of the other bidders were local men. They were Morris Winship, Cary Ward and Pink Derringer.

Mr. Kennedy expects to start on his part of the contract at once. He will completely remodel and overhaul the interior of the second and third floors. When he finishes with the building it will appear to be a four story instead of a three story building. The building is extremely high anyway and to divide the building so that there will be a false fourth story will not come amiss as it will make the building appear more modern.

The second floor of the building will be changed into several suites of office rooms, all of which will be equipped with every convenience. The ceiling which is now very high, will be lowered several feet. This will mean that the floor of the third story where the lodge room is located will also be lowered that many feet. To make the ceiling of the lodge room a normal height it will be necessary to build a false ceiling in the lodge room. The interior of the third story will be extensively remodeled and beautifully decorated.

The work of repairing the exterior of the building is also yet to be done. It is said that the contract will be let for that in a short time. It is the present plan to put a stucco finish on the building which will greatly improve its appearance.

## THROAT TROUBLE EPIDEMIC

Many People Suffer With Severe  
Cases of Summer Grippe.

The summer grip, or a severe throat trouble seems to be, and in fact is reported by physicians to be epidemic in this community. The victim is taken with a sore throat which is accompanied by fever and a loss of appetite, becoming very severe in three or four days. It generally lasts about a week or ten days and has many symptoms similar to the regular grippe. Some have attributed it to the dust and some to other causes. Whatever the cause, the result is serious for the victim while it lasts, although it has not proven fatal in any instance so far as known.

The regular meeting of the Lurline Council No. 296 D. of P. for next Thursday night has been postponed.

The annual reunion of the Bates family which was to have been held in the city park yesterday was postponed indefinitely on account of the critical illness of a member of the family.

Lesson VIII.—Third Quarter, For Aug. 20, 1911.

### THE INTERNATIONAL SERIES.

Text of the Lesson, Jer. xxxvii, 4-21. Memory Verse, 15—Golden Text, Matt. v, 11—Commentary Prepared by Rev. D. M. Stearns.

We have not yet reached the end of the sorrows of Jeremiah, and these of today's lesson seem to have been some of the greatest, but all were because of the truth and the God of truth (Isa. lxxv, 16) whose witness he was. It has been a long time since he ceased to complain of his sufferings for the truth's sake, but he still awaits the full glory of the kingdom which by the spirit he foresaw and predicted. Many others have come and gone, and the

## RHEUMATISM

Yields Readily to Simple Remedy—Well-Known American Chemist Discovers Process for Making Sulphur Soluble.

For centuries it was known to the great men of medical science that if Nature has provided a certain, yet simple remedy for Rheumatism, Gout and Blood Disease, the hope of those so afflicted lay in the use of sulphur.

And now Nature has given up her secret. A great chemist has succeeded in making sulphur as soluble as sugar or salt. Heretofore sulphur could be and was taken with great benefit even though insoluble, but now it can be absorbed directly into the blood and thus accomplish wonderfully curative results.

SULFOSOL is the name of this new vitalizer of the blood, this expeller of uric acid and other blood taints and conqueror of Rheumatism and Gout. Get it of your nearest druggist or write to the Sulfosol Company, 72 Trinity Place, New York, for a free book on Rheumatism and Blood Disease and the successful use of Sulfosol in their treatment.

kingdom is not yet, and the sufferings continue for the faithful, but "the Lord God of recompenses shall surely requite" (Jer. li, 56), and the sufferings are not worthy to be compared with the glory that shall be revealed (Rom. viii, 18; 1 Pet. iv, 13).

It seems easy to say it, but it is true that suffering for the truth's sake is a great privilege and will bring us great glory in His kingdom (Phil. i, 29; 11 Cor. iv, 17, 18). After Jehoiakim's miserable death and seemingly no burial or as good as none (Jer. xxxvi, 30), his son, Jeconiah, reigned three months, which was about the same as no reign at all, and was then carried captive to Babylon, where he was a prisoner thirty-six years. The books of 11 Kings and of Jeremiah end with the record of his deliverance from prison after that long period. His father's brother, Zedekiah, was then made king, and he reigned eleven years, but neither he nor his servants nor the people of the land would hearken to the words of the Lord (verse 2), although they professed to want Jeremiah to pray for them (verse 3), and more than once Zedekiah consulted him (verse 17; xxxviii, 14). The last twenty-two years before the captivity, the time of these four kings, was a time of increasing evil and a specially trying time for a faithful witness like Jeremiah, but no one is ever tried beyond the grace given to sustain under the trial (1 Cor. x, 13).

The Lord's answer to the king who sent his messengers to inquire of Jeremiah is found in verses 6 to 10 of our lesson with the admonition "Thus saith the Lord, deceive not yourselves" (verse 9). When the Lord Jesus foretold in His Olivet discourse the troubles that would come in the approaching years and also at the end of this age, He said, "Take heed that no man deceive you" (Matt. xxiv, 4). He also added that the wonders and signs of false Christs and false prophets at the end of this age will, if possible, deceive the very elect (verse 24). From the day on which the devil deceived Eve he has been diligently working on that line, perhaps never more so than now, but the time draws near when he shall be imprisoned and deceive the nations no more for a thousand years (Rev. xx, 1-3). One cannot but tremble for the multitudes who are deceiving and being deceived in these

days, but it must end soon. The prayer of Peter in 1 Pet. v, 10, 11, is just right for all the faithful witnesses suffering for the truth.

We cannot wonder that Jeremiah longed to separate himself from all the unbelieving ones about him and get away somewhere alone with God (verse 12), and to be arrested and falsely accused and smitten and imprisoned and like to die in a filthy cell (verses 12-16, 20) was hard indeed for poor humanity. Even John the Baptist seems to have grown discouraged under his imprisonment and seeming neglect by Him whom he had pointed out as the Lamb of God (Matt. xi, 4-6). Oh, how great is our need of patience and an unwavering faith in God that will not be offended under any circumstances (John xvi, 1-3; Rev. xlii, 10; xlv, 12; Heb. x, 36, 37).

After many days—how long they must have seemed—the king sent for Jeremiah and inquired, "Is there any word from the Lord?" (Verse 17.) There was no new word, but just the former one concerning the captivity in Babylon. Jeremiah took occasion to ask why he had been imprisoned and to ask that he might not be sent back to where he had been, so he was left for a time in the court of the prison (verses 18-21)—just a breathing space ere his persecutors would again seek his life, but it would be helpful while it lasted. Note the daily piece of bread of verse 21, and let us learn the lesson of daily bread and daily strength, the matter of the day in his day (chapter iii, 34, margin). Jehoi-

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, it has proved catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. ## Local Churches Sunday School Lesson Christian Endeavor

Clia had no doubt an abundant supply from the king's table. Poor Jeremiah had a piece of bread.

The next chapter tells how the princes, with the king's consent, cast Jeremiah into a dungeon, where he sank in the mire and would have died of hunger if he had not been rescued by an Ethiopian named Ebedmelach, who, with some other men and by means of ropes and some old rags to put under his arms that the ropes might not hurt him, drew him up from the dungeon, and again he is permitted to remain in the court of the prison and was there on the day that the city was taken (chapter xxxviii, 13, 28). The sequel to the story of Jeremiah and how he was given perfect freedom to go where he pleased after Jerusalem was taken, but, choosing to remain in the city, was afterward compelled to do down to Egypt, is found in chapters xi to xliii.

## CHRISTIAN ENDEAVOR.

Prayer Meeting Topic For the Week, Beginning Aug. 20, 1911.

Topic.—Mountain scenes in Bible story.—Deut. xxxiv, 1-6; Matt. xvii, 1-8. (If convenient, a hilltop meeting.) Edited by Rev. Sherman H. Doyle, D. D.

There are some mountains standing on this earth of ours that seem almost conscious beings, and if they could but speak and tell what they have seen and felt the traveler who pauses at their base would tremble with alarm and awe. No one familiar with the history of the world can doubt or deny the truthfulness of the words just quoted. And how many of these historic mountain scenes are associated with the religious history of the world "For some good reason God has usually chosen mountain summits as the theater on which to make the grandest exhibitions of Himself, perhaps because these grand and striking features in nature fix the locality of events—stand as mighty monuments to them—so that they can never fade from the memory of man." The psalmist said, "I will lift up mine eyes unto the hills, from whence cometh my help." Let us also look to the hills—the hills ever associated with thoughts of the Lord, our real helper, for help and inspiration.

Many historic mountain scenes, with our study and contemplation, are recorded in Bible story. There is Ararat, where the ark rested after the flood; Mount Moriah, where Abraham, "in will if not in deed," offered Isaac as a sacrifice to God; Sinai, amid whose terrific thunderings the divine law was given to man; Mount Pisgah, from whose heights Moses viewed the earthly Canaan and entered the heavenly Land of Promise; Mount Horeb, where God appeared to Elijah in the still, small voice; Carmel, where Elijah discomfited the priests of Baal; Mount Hebron, where Christ was transfigured; Olivet, where He agonized, and Calvary, where He gave Himself for the sins of the world, and last of all, in John's glorious vision the Mount of God! How much of the world's religious history is contained in these mountain scenes, and who can contemplate these events?

Each mountain scene of the Bible teaches its own particular lesson. Let us consider the following:

1. The Mountain of Vision. This title may be given to Mount Pisgah. Here Moses was permitted to see the land of promise, although he was not allowed to enter it. This vision was in a measure a compensation for his loss and was given in answer to his prayer that he might "see the good land that is beyond Jordan, that goodly mountain, and Lebanon." The hopes of life are not always realized, but visions of great things are no small compensation and prepare us for the trial through which we enter in to their fuller realization in the life to come.

2. The Mountain of Victory. Thus Mount Carmel may be designated. It was here that the religion of the only living and true God was tested by conflict with idolatry. The result was sure and decisive. True religion triumphed. We need fear no testing of our faith or anything that pertains to it. In every contest in the past the victory has been won. It will continue to be so until "in the name of Jesus every knee shall bow and every tongue confess that Jesus Christ is Lord, to the glory of God the Father."

3. The Mountain of Transfiguration. This scene in the life of Christ took place on snow-capped Hermon. Here Christ was transfigured under such circumstances as would comfort and strengthen Him for His great sacrifice six months later and would later on confirm the faith of His disciples in Him. But after the Mount of Transfiguration came toil and contact with lack of faith in the valley. We, too, have our times of exalted experiences, but their purpose is but inspiration for the performance of new duties and the endurance of new trials.

4. The Mountain of Sacrifice. On Mount Calvary Jesus gave Himself for the world, for us, leaving us an example that we should sacrifice ourselves for others. On Calvary we not only see the fulfillment of God's plan

of redemption, but we are also taught our greatest lesson in self sacrifice. The greatest of all gifts is self. The world needs and wants the personal touch, and nothing else can take the place of it.

## A Mission by Moonlight.

The moon is cold; the ocean air is chill; Alone with lonely owls the mission stands.

The staring belfry towering on the sands That hold in Serra's grave the ever still Repose of mighty labors—love and will In rest profound, where once the brooding hands Of dark souled beings lifted up their hands To God and heard the angel voices thrill.

Mute are the bells that called the nights of old, Forever lost the chanted melody That mingled with the sounding of the sea. The lofty moon through clouds of windy cold Mocks in her silver faith their vanished gold, The altar lights of warmth and mystery. —Herbert Heron.

## SAGE AND SULPHUR CURES DANDRUFF

Restores Faded and Gray Hair to Natural Color—Itching Scalp Quickly Stopped.

This applies to Wyeth's Sage and Sulphur Hair Remedy, for if it does not do exactly what is claimed for it, the sales would naturally drop off. However, Wyeth's Sage and Sulphur Hair Remedy does "make good," as evidenced by its daily increasing sales. Druggists say that this preparation gives the best satisfaction of any hair remedy ever sold. Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It removes dandruff, strengthens the hair, gives new life to dull or parched hair, and gradually restores gray hair to natural color.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agents, Hargrove and Mullin, Druggists, Rushville, Indiana.

STATE'S FULL POWER TO PUSH PROSECUTION

Pennsylvania Mob Up Against a Stern Proposition.

Harrisburg, Pa., Aug. 18.—The men responsible for the burning of Zach Walker at Coatesville last Sunday night must be arrested and brought to justice, Governor John K. Tener told District Attorney Robert S. Gawthrop of Chester county. The governor had the situation at Coatesville canvassed by officers of the state constabulary, and made it plain to the public prosecutor of Chester county that he must arrest the men who are to blame, no matter what their station in life.

The governor also informed the district attorney that the state police force of almost 200 trained men would stand behind him in doing his duty and that if necessary he could depend on a couple of regiments of the state militia. An offer of assistance from the attorney general's department was also made.

While this course is unusual in Pennsylvania, the governor declared that the exigencies of the occasion made it necessary. Arrests of prominent men in Coatesville are expected within twenty-four hours.

Relative of Millionaires Kills Himself Following Lovers' Quarrel.

Lowell, Ind., Aug. 18.—James Arbuckle, aged fifty, said to be the son of a millionaire in Edinburgh, Scotland, and to be a second cousin of the millionaire coffee merchant of that name, shot and killed himself following a lover's quarrel with Miss Mary Williams, a Chicago nurse, who is visiting near here. A locket containing a picture of the young woman and letters from her were among his possessions.

Arbuckle had been employed on a farm here for many months, but was discharged because of inattention to his work.

STRIKE ORDER IS IN EFFECT

Men Working On British Railways Called Out.

A LACK OF UNANIMITY NOTED

While in the Midland and Northern Counties the Response to a Call For General Strike Was Heeded, as Far as London Is Concerned There Is Little Response—Government Still Seeking a Way to Conciliation.

London, Aug. 18.—Last evening a general strike on British railways was declared, but it may yet be that the declaration will be withdrawn. The whole of the day was spent in fruitless negotiations between the government and the leaders of the railway employees. The prospects fluctuated violently from time to time until 5 o'clock in the evening, when the leaders telegraphed the heads of the local unions to bring out the men.

Three hours later the see-saw took another turn, when Lloyd-George announced in the house of commons that negotiations had reopened. As the matter now stands the strike order remains operative, notwithstanding the renewal of the negotiations. The assistant secretary of the Amalgamated Society of Railway Servants had this to say to the newspapers:

"I heard Lloyd-George's statement and I know what it means and why it was made. The position is not altered by the statement and the present strike is going forward. There is absolutely no truce to be given."

This was followed at 1 a. m. by the issue in London of an address to the members of the various railroad unions. It is a reiteration of the grievances against the companies with reference to the conciliation boards, and accuses the companies of harassing and driving the men until they are now worse than slaves. It says in part:

"As men throughout the United Kingdom have shown an unchangeable determination not to tolerate the state of affairs any longer, we call every railway man to join his fellows so that the strike will be a united blow for deliverance from petty tyranny and also help to obtain higher wages and shorter hours and a more human life for all."

If the government today appoints three commissioners, as suggested in Lloyd George's announcement in the house of commons, and the appointees prove acceptable, a truce may be called.

The compliance with the strike order throughout the country is no wise general. It is true that union leaders officially declared that a census of the results received from various centers exceeded all expectations and point to an early and decisive victory, but on the other hand press telegrams received at the same hour reported a lack of unanimity among the railroad workmen.

The largest responses have been in the midland and northern counties and in south Wales. At some centers the strike feeling is strong. As far as London is concerned there is yet little response.

COMPARATIVE FIGURES

Relating to Manufactures in Certain Indiana Cities.

Washington, Aug. 18.—From a preliminary statement of the general results of the thirteenth United States census of manufactures of the city of South Bend, Ind., it is shown that there were 218 establishments in 1909, as compared with 156 in 1904, an increase of 62, or 40 per cent. The value of products in 1909 was \$27,855,000 and \$15,179,000 in 1904, an increase of \$12,676,000, or 84 per cent. The average per establishment was approximately \$128,000 in 1909, and about \$97,000 in 1904.

A similar statement for Terre Haute shows that there were 170 establishments in 1909, as compared with 178 in 1904, a decrease of 8, or 4 per cent. The value of products in 1909 was \$21,793,000, and \$18,008,000 in 1904, an increase of \$3,785,000, or 21 per cent. The average per establishment was approximately \$128,000 in 1909, and about \$101,000 in 1904.

At Vincennes there were 84 establishments in 1909, as compared with 62 in 1904, an increase of 22, or 35 per cent. The value of products in 1909 was \$4,234,000, and \$3,029,000 in 1904, an increase of \$1,205,000, or 40 per cent. The average per establishment was approximately \$50,000 in 1909 and about \$49,000 in 1904.

CHINA MUST BE PAID SAYS HIGH OFFICIAL

Millions Demanded in Indemnity From Mexico.

El Paso, Tex., Aug. 18.—For the damage done to the property and persons of her subjects during the late revolution, China has officially demanded \$32,300,000 of Mexico. Shung Ai Sune, charge d'affaires in Mexico for China, is very positive that the claim is going to be paid.

"China must be paid," he said. Mr. Sune says the Chinese claims will be paid within three months. He has talked with President De La Barra and also with Madero. Both have agreed to use their best efforts in having the claims awarded.

The payment of \$100,000 per head is a bit above the market price for Chinese persons as rated on the unofficial market of the border smugglers. But that is what the Chinese government is demanding.

BRANCHES IN ALL THE PRINCIPAL CITIES

Should one desire to present the most characteristic picture to be observed about a summer hotel, which is so prominent a feature of the American life in August, he could find no more typical representation than the groups of women ever bending over their needlework in rapt absorption.

The masculine observer feels pitifully helpless or positively irritated in the presence of this fascinating interest. The chirp of feminine exultation over some peculiarly delicate bit of cross such arouses wrath in his soul. He walks long distances to avoid the groups in the parlors and piazzas, who may ask his admiration of an art of which he takes pride to remain in ignorance.

To the enthusiastic nature lover, it indeed seems a perverted taste, that keeps people straining their eyes over a mechanical task amid the beauties of forest, sea, or steam, a task that can be as well performed amid the dull monotones of city life.

But needlework is so honorable an art, capable of coming so close to water color and oil painting, that one must feel only admiration for the women who exercise it skillfully. The trouble with the group on the hotel piazza, is that it does not always know the difference between the design made in a commercial way in some metropolitan sweat shop, and the creation of some real artist.

That a State Food and drug inspector may drop into Rushville any time to conduct an investigation is a certainty, and it is well that all person's place of business which the inspector would belikely to scrutinize be kept clean and sanitary. Inspectors have been in all parts of the State and in most every city they have found conditions even worse than were erected.

The department, which has been in operation five years, each year takes on new lines of work. Just at present special attention is given to the matter of candling eggs, to the satisfaction of the honest producer, the consternation of the imposter and the protection of the consumer. Grocers and other dealers are being given instructions as desired, in the hope of making candling general.

In the late fall of early next year another new feature will be taken up, that of weights and measures. A system is now being formulated. Then the five state inspectors will be instructed and life will be made interesting for the man who gives short weights and measures.

In the various departments of this work the educational feature is made prominent. Dealers are advised, instructed and graded. They are

taught to take an interest in keeping up to standard. But some people cannot learn to profit by advice, warning and counsel. With these, stronger measures must be adopted. Arrest must follow to give them additional incentive and for the sake of the effect it will have in the community.

Such a system protects the consumer, teaches honesty and establishes a higher standard of intelligence and living in the home. Its educational worth can not be computed.

A past tradition in advertising persuades many merchants to cut down this part of their selling expenses during the summer. When asked why this is done, the merchant will tell you that everyone is out of town. And yet, our personal impression is, that if you would count the number of people passing a given point today, and the number passing that point on the same day in the week in January or April, you would find little difference. Then there are a great many people who take no vacations. The bulk of the working people, farm help, factory hands, railroad employes, get no vacations. The usual outing for most people who actually get a holiday, is one to two weeks. The net result is to reduce but slightly the number of people who are away at a given time.

Moreover, it is customary with many people of this size, more than formerly, to stay at home in the summer, and go to some of the big cities in the winter to attend the theater, opera, or concerts. They thus find more to amuse them than either in the primitive life of the less developed summer resorts, or in the tinsel of great popular gathering places like Atlantic City or Coney Island.

Still further there are not a few strangers here in summer. Many people take a vacation by going to visit relatives, regardless whether the place has any reputation as a summer resort or not. They read our newspapers and are in the mood to pick up bargains. Practically there are just as many people here as ever ready to buy goods, if you can make them believe it is worth while. The metropolitan department stores have studied the art of publicity to the limit. You will find many heavy advertisements from them during summer in spite of the fact that the depletion of the big cities is greater than in the case of towns of our size.

Fair attractions and attractions for the fair are two different things, according to the management of the fair.

"Can you keep still mentally and physically?" asks a scientist. We have no trouble keeping still mentally but it does take some physical exertion to dope up this column every day.

One of the detestable things that come with the fair is the smartale with a little riding whip.

It seems that even a rainy day would feel good just now.

And we couldn't think that the weather-man would save all of his damp spells for our county fair week.

Perhaps there's a reason for the drought in Rushville. Maybe the Lord is afraid to break Mayor Black's proclamation to the effect

that there shall be no sprinkling.

## AMUSEMENTS

The Palace will have the usual two reels of pictures tonight. "When the Tables Turned" is a western comedy and is said to be very good. "Van Bibbin's Experiment" is an Edison comedy and is equally as good as the first.

The Portola will have a big feature show tonight and Saturday night, showing three reels of pictures, "The Still Alarm" is a thrilling fire picture, the scenes of which are taken from a great fire. "The Railroad Raiders of '62" is a great civil war drama. The third picture will be a sensational hand colored picture. Miss Barbara Schmid will sing a special solo.

The Charles Sinclair Company which is putting on a show at the air-dome this week under the auspices of the Uniform K. of P. will show a complete change of program this evening. The motion picture will be a comedy, "From Tramp to Millionaire." The Cameraphone program will include "Dining Out" a song hit from "Fluffy Ruffles;" "Housecleaning Time" by Ada Jones and Frank Stanley and "Krussemeyers' Birthday Party," a comedy.

The Vaudet will show three complete reels of pictures this evening as a special program. The Imp subject, "The Master and the Man," is a thrilling story of life in prison and in

society. The plot follows the life of a man who is released with a promise that he will lead a straight life. He gets in with his old set of pals and goes wrong, but is recovered in time. At a reception where he is acting as butler, one of his comrades in crime, who is posing as a society man, steals a valuable necklace, and the theft is noted by the former jail bird. Suspicion falls on an innocent young man, which brings in a secondary plot in the story, telling a pathetic tale of love. The manner in which the better nature asserts itself in the crook is interesting. The other films are "Realization," a Rex drama and "The Girl of the Plains," a Bison drama.

The Guy Players, one of the very best repertoire companies will be seen here for one solid week starting Monday, August 21, under the biggest canvas theatre in the world. This is an excellent company, carrying thirty-five people and one of the very best bands on the road, which will give free open air concerts every evening next week at 7 p. m. in front of the big tent in South Main street, one block south of the court house. The play Monday night will be G. Carlton Guy's latest success, "Her Father's Sin." In this great and powerful drama Mr. Guy starred the past winter session playing the largest theaters in the country.

The Guy Players were formerly known as the Guy Stock Company, and appeared under that title in Rushville for the past several years always giving the best of satisfaction. This year the company has an entirely new outfit, new tent, new scenery, new plays, and everything else new except the old favorite actors and musicians who have helped to build up the reputation of the Guy Company.

Leaping from the back of a rapidly galloping horse onto the neck of a flying long-horned steer and throwing it with his bare hands is but pastime for Buffalo Vernon, who comes to Rushville Friday afternoon and night, August 25 with the Young Buffalo Wild West Show. While he performs this feat with what appears to the audience to be the greatest ease, he is the only man in the world who has ever performed it. As his charging pony reaches the hot sides of the steer, Vernon leaps from his saddle on to the animal's neck. He seizes the beast by its horns and with a quick jerk turns its head toward him. Then he sinks his teeth into the animal's lips, and with one quick twist of his arms and his neck, hurls the animal to the ground. The feat performed by Buffalo Vernon is, however, but one of the feats of daring performed by the cowboys with Young Buffalo Show. The big wild west show has with it this year Montana Jack, the only cowboy in the world, who has crawled beneath his mount's stomach while in full gallop;

We will furnish frequent service between Rushville and the Fair Grounds during the Rush County Fair, August 21, 22, 23, 24, 25, '11  
INDIANAPOLIS & CINCINNATI

Fred Burns, who is known from coast to coast as "The King of the Rope," Annie Oakley, the peerless woman wing and rifle shot; Curtis Liston, the undefeated champion marksman of America; and Captain Stuart, remarkable sharp shooter; and Rough Riders from all quarters of the globe. In addition, it has with it Ambrose Means, the "lion lassoer" of Africa; a whole tribe of Cheyenne Indians under command of Chief Thunder Bird, the richest Indian in the United States, whose street costume cost \$1,800; a cowgirls' band; dozens of daring women of the plains, who ride bucking broncos and depict the life of the plains as braved by the hardy wives of the first western pioneers.

The big wild west show will inaugurate its engagement in this city with a big street parade which will take place at 10:00 o'clock on the

day of the exhibition. The 700 men and women and 300 horses and other features will participate in this street demonstration, which is said to be the finest ever given by any tented amusement enterprise.

### AFFIDAVIT SAYS CHRIST IS COMING

Unusual Document, Filed in Marion County, Bears Signature of Rees Carr, Formerly of Rushville.

### ATTORNEY FOR DOWIE SECT

An unusual document entitled "An Affidavit and Declaration" containing the information that Christ is to appear in the City of Zion, Lake county, Illinois, in the year 1912, has been sent to the recorder of Marion county for record by H. L. Burnette, who publishes a paper in Chicago for the extension of John Alexander Dowie's work. James P. Ryan, chief deputy recorder doubts whether the affidavit is of a nature that will admit it to record. He is undecided as to what he should do with it. Burnette asks the recorder to advise him as to the amount of the fee for recording the paper and to hold it for remittance.

The unusual document is of local interest due to the name stamped on the back of it. It is no other than Rees Carr, who attaches his seal and signature as a notary public. That recalls the fact that Rees Carr, who lived here until about ten years ago, is a Dowieite. He was graduated from the Rushville high school in 1899, and went to Michigan University, where he obtained a law degree. After that he drifted into Zion City, and besides being a follower of Dowie, he is a legal counselor for the sect.

## Family Reunions

The Daily-Republican earnestly invites secretaries or any other officials of family reunion associations to send the dates and places of holding the annual meetings to this office so that they may be published and in that manner many members may be notified who might not otherwise receive the date for the annual event. The Republican will be pleased to receive dates and places of holding as soon as possible as well as accounts of the gatherings as soon as possible after they take place.

The following family reunions have already been announced:

The Whitely family reunion will be held at Riverside park in Indianapolis, Saturday, August 19.

The Bussell family reunion will be held at Brookside Park, Indianapolis, on Saturday, August 19th. Susan Bussell, of this county, is secretary.

The first annual reunion of the Carew family will be held at the fair grounds east of the city Monday, August 21. The officers of the association are, Henry Carew, first vice-president, Russell Carew, second vice-president and Allie Youciminner, secretary.

The seventh annual reunion of the Paul family will be held August 22, 1911, on the Muncie fair grounds. All persons by the name of Paul or kin to Paul's, are invited to the present with well-filled baskets to enjoy the day. D. M. Paul, Ex-president.

The eighth annual reunion of the Applegate family which several people from this city will attend, will be held at Federal Hill on the Souder farm near Noblesville, Thursday, August 24.

The annual reunion of the Cummins family will be held at Cummins' park, east of Daleville, on Sunday, August 27. All persons related to the family are invited to come with well-filled lunch baskets and enjoy a pleasant day.

The Second Annual Reunion of the Widener family will be held Thursday August 31, in the grove at the home of Oliver P. Widener, three miles north of Pendleton. A number of Wideners live in Rush county and the officers of the reunion association, not having their address, have taken this means of notifying them of the time of the reunion, and they are urged to be present or write Robert Widener, Pendleton, Ind., giving their address, that they may be notified of future reunions of the family.

The fifth annual reunion of the Swain family will be held at the Rush county fair grounds Labor day, September 4. H. C. Pitts is secretary of the association.

The annual reunion of the Sixty-Eighth Indiana regiment will be held September 5 in Rooms 11 and 12, State House, Indiana. John Taylor is president and Isabel White, secretary.

The eleventh annual reunion of the Daniel Hall family will be held at Riverside Park, Indianapolis, on Tuesday, September fifth.

The Addison family will hold their reunion in Crafts grove, east of Charlottesville, on Thursday, Sept. 7. Adah Addison is secretary.

## COUNTY NEWS

### Plum Creek.

A good shower of rain would be very much appreciated in this neighborhood.

We were pleased to have Rev. Murray, of Indianapolis, with us at Plum Creek on Monday evening, as he formerly was our pastor for several years.

The Aid Society will discontinue its meetings until after the fair.

Mr. and Mrs. Will Arnold entertained at dinner Sunday Mr. and Mrs. Curtha Wagoner and son Ceir and Paul Caldwell, of Indianapolis, a nephew of Mr. Arnold.

James H. Mayse, J. L. Hayse and daughter Iva left Tuesday morning for Ohio, where they will attend the Hayse reunion. They expect to be gone a week and will visit relatives while there.

The Gray reunion was held Sunday at the home of Mr. and Mrs. George Myers. About sixty were present, including Aunt Jane Ging and daughter Anna of Muncie, and John Gray and family of Tipton. Both of these families formerly lived in this neighborhood, and their visit is much appreciated by all who met them.

The members and their families of the C. W. B. M. Society were entertained at the home of Mr. and Mrs. Geo. W. Kemmer on Friday evening. Those present were Mr. and Mrs. James Smith, Tom Ertel and family, Fred Bell and family, Will Arnold and family, Geo. Ertel and family, Omer Nash and family, Geo. Myers and family, Jesse Morris and family, Mr. and Mrs. James H. Hayse, Curtha Wagoner and family, J. L. Hayse and family, Mrs. John Nipp and son Ralph, Will Whitton and family. Also Ben Ertel and family of Colorado. The evening was spent in a social way with plenty of good music, after which, at a late hour, refreshments of ice cream, cake, Nabisco and lemonade were served. All departed with a feeling longing for another such a happy meeting.

Mr. and Mrs. Earl Riffey and daughter Lillian Clorine are guests of home folks.

Several from this neighborhood attended the Baptist Association Sunday, while some went to Center where a revival is being held, and had a basket dinner, and some went to the Chautauqua at Rushville.

Petitions are circulating in this vicinity for a new church at Plum Creek.

### New Salem.

Mrs. Edna Taylor is entertaining her sister of near Laurel.

## REGISTRATION IS A BIT EXPENSIVE

Figures Astonish Meeting of  
County Auditors.

## MORE THAN THEY EXPECTED

When It Came to Figuring Out the Cost of Conducting the Registration of Voters in Indiana Under the New Law, Auditors Assembled at Indianapolis Gave Vent to Low Whistles Expressive of Astonishment.

Indianapolis, Aug. 18.—When they heard figures quoted to show what it will cost the various counties next year for registration of voters, some of the county auditors attending the annual meeting of their state association expressed surprise. Evidently some of them had not given the subject much thought.

Albert Sahn, auditor of Marion county, told them it was estimated that it would cost Marion county about \$28,000 for the registration of voters next year. At this particular point in the meeting some of the auditors whistled their surprise. There are 148 voting precincts in Marion county, and that would make the cost for each precinct about \$190, according to the estimate.

This statement led to some general figuring on the subject, and it was finally estimated that the total cost of conducting the registration would be about \$168.25 the precinct, provided twenty-four hours are counted as a day's work for the board members. If they are paid at the rate of an eight-hour day, the cost would be \$108 more, or a total of \$276 for the three sessions for each precinct.

These were the figures that caused the county auditors to sit up and take notice: There were in Indiana at the election last year 3,136 voting precincts. At \$168 for each precinct, this would mean a total cost to the state for registration of voters of \$526,848.

## HAD MANY CHICKENS

But the Neighbors Say He Did Not Raise Them.

Evansville, Ind., Aug. 18.—Frank Guenther, vice president of the Banner Coal company, was arrested at his home in this city on the charge of stealing chickens and was released on bond.

The warrant for Guenther's arrest was sworn out by Jack Pogue, a miner, employed by the company of which Guenther is vice president. Pogue says he caught Guenther with several of his chickens in his hand. The police searched Guenther's premises and found more than 400 fine chickens in the back yard. Neighbors of Guenther say he never raised chickens. It is estimated that more than \$5,000 worth of chickens have been stolen here in the last two weeks.

## AN OUSTER SUIT

Action Begun to Secure Dismissal of County Commissioner.

Bloomington, Ind., Aug. 18.—Suit has been filed in the Monroe circuit court by Joseph E. Henley, attorney for William A. Brissenden, against John C. Clay, county commissioner, to have him dismissed from office because he refused to grant liquor licenses at the June, July and August terms of court, although no opposition appeared and there was no contest about the evidence.

The complaint alleges that even before the hearings the defendant and Lyman Dunlap, another commissioner, announced in open court they would refuse to grant liquor licenses on the grounds of "conscientious scruples."

## HE'S NOW MISSING

Life of a Chinese Informer at Terre Haute Had Been Threatened.

Terre Haute, Ind., Aug. 18.—When Henry Moy sought to get rid of Yuen Yuen, his rival for the affection of Lottie Gunn, a white laundress, by reporting him to the authorities as without the proper immigration certificate, he started more trouble than he expected, and he is now reported missing. His two laundries are without a manager.

When Inspector E. A. Eabee came from Chicago he investigated other Chinese and found three who did not have satisfactory papers. It is said that Moy was warned his life would be taken, for the Chinese regard what he did as treachery.

## Swallowed His False Teeth.

Lafayette, Ind., Aug. 18.—Porter Peak, aged forty, a wealthy Tippecanoe county farmer, is dead at Mont Vista, Col. Two months ago he swallowed some false teeth and since that time has been sick. An unsuccessful effort was made to locate the teeth with X-rays. He went to Colorado two weeks ago.

## Wounds Proved Fatal.

Evansville, Ind., Aug. 18.—William Ary, one of the four men who was shot in a running battle near New Haven, Ill., by John Markham, died of his wounds at Shawneetown, Ill. Markham, seriously wounded, is being guarded in his home at Ridgway, Ill.

## IF YOU HAVE ECZEMA OR ANY SKIN OR SCALP TROUBLE HERE IS GOOD NEWS

You have probably tried one or more remedies with small success. This costs money and it is uncertain. We want you to try ZEMO, the clean liquid remedy, but we do not want you to pay for it unless you are satisfied with results. We have so much faith in Zemo that we want you to try it by sending to the E. W. Rose Medicine Co., 3032 Olive St., St. Louis, Mo., 10c in stamps to pay postage for a generous sample of ZEMO and ZEMO (antiseptic) SOAP and our 32 page booklet on skin diseases. OR get a bottle today at F. E. Wolcott's Drug Store and if you are not pleased with results they will refund your money.

ZEMO is a clean scientific preparation that washes away and destroys the germ life and the poisons that cause the trouble. Stops the itching at once and results can be seen after one application. ZEMO absolutely cures eczema in all its forms as well as hives, rashes, acne, tetter, barbers itch, prickly heat, etc., on infants the same as on grown persons.

Indorsed and sold by druggists everywhere and in Rushville at F. E. Wolcott's Drug Store.

## BACK GIVES OUT

Plenty of Rushville Readers Have This Experience.

You tax the kidneys—overwork them—

They can't keep up the continual strain.

The back gives out—it aches and pains;

Urinary troubles set in.

Don't wait longer—take Doan's Kidney Pills.

Rushville people tell you how they act.

Samuel A. Brown, 527 W. First street, Rushville, Ind., says: "I cannot speak too highly of Doan's Kidney Pills, for I know from personal experience that they live up to the claims made for them. About three years ago I was suddenly taken with an attack of backache and it steadily grew worse. I could hardly raise my foot from ground and if I stooped, it really seemed as if my back was going to break. When someone advised me to try Doan's Kidney Pills, I did so and I was certainly surprised by their promptness in relieving me. In three days I was free from backache and felt better in every way. Since then I have procured Doan's Kidney Pills at F. B. Johnson & Co.'s Drug Store and have seldom been without a supply in the house. Doan's Kidney Pills are worthy of the highest praise."

For sale by all dealers. Price 50 cents, Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

## WHY HE VETOED THE WOOL BILL

Had No Scientific Information On Which to Act.

## BETTER WAIT TILL DECEMBER

In Vetoing the Democratic-Insurgent Wool Bill, President Taft Says There Is No Public Exigency Requiring Revision of Schedule "K" Just Now, and That in December the Congress Will Have a Guide in Tariff Board.

Washington, Aug. 18.—A special message vetoing the wool bill enacted through the Democratic-Insurgent combination was sent to the house of representatives by President Taft, who, as had been predicted, vetoed the bill on the ground that he has no scientific information on which to act.

The president reviews the history of the movement for the creation of the tariff board, "in order to show that the real advance and reform in tariff making are to be found in the acquiring of accurate and impartial information as to the effect of the proposed tariff changes under each schedule before they are adopted," and further, to show that if delay in the passage of a bill to amend schedule "K" can be had until December, congress will then be in possession of a full and satisfactory report on the entire schedule.

The president says in part: "If ever there was a schedule that needed consideration and investigation and elaborate examination by experts before its amendment it is schedule 'K.' There is a widespread belief that many rates in the present schedule are too high and are in excess of any needed protection for the wool growers or manufacturers. I share this belief and have so stated in several public addresses. But I have not sufficient data upon which I can judge how schedule 'K' ought to be amended or how its rates ought to be reduced in order that the new bill shall furnish the proper measure of protection and no more. Nor have I sources of information that satisfy me the bill now before me will accomplish this result.

### Wants More Information.

"When I have the accurate information which justifies such action, I shall recommend to congress as great a reduction in schedule 'K' as the measure of protection, already stated, will permit. The failure of the present bill should not be regarded, therefore, as taking away the only chance for reduction by this congress.

"There is no public exigency requiring the revision of schedule 'K' in August without accurate information rather than in December next with such information. December was the time fixed by both parties in the last congress for the submission of adequate information upon schedule 'K' with a view to its amendment."

The president adds that he believes the public weal will be better preserved by delaying ninety days in order to do justice in the light of information which will then be available than to "blindly enact a law which may seriously injure the industries involved, and the business of the country in general."

The senate passed the house cotton bill with certain amendments proposed by the Democrats. Among the amendments adopted are one revising the iron and steel schedules. Other amendments adopted reduce the duty on coal; reduce all duties in the Payne bill to 30 per cent; put machinery used in the cotton industry on the dutiable list at 30 per cent, and reduce duties on chemicals used in the cotton manufacturing industry. The amended cotton bill was passed, 28 to 23.

## FALSE AFFIDAVIT

Alleged in the Case of the Marriage of a Fifteen-Year-Old Girl.

Bedford, Ind., Aug. 18.—Cecil Hendricks was arrested at Bloomfield and brought here to answer a charge of perjury growing out of the marriage of Ira J. Parker to Miss Mary A. Rickerson.

Hendricks is accused by Miss Rickerson's parents of having sworn falsely to her age in order that she might obtain a marriage license. He says she was fifteen years old when Hendricks swore she was eighteen. Parker is a brother-in-law of Hendricks.

## THANKSGIVING MAY COME TWICE

For First Time in Fourteen Years These Are Five Thursdays in November.

### CALENDARS DO NOT AGREE

Some Mark 23d While Others Indicate 30th—Its up to the President.

According to the calendars we will eat Thanksgiving turkey twice this year—not steaming hot at dinner and cold for supper, but on two different days.

The small boy and the turkey lovers are joyous, but father, who pays the bills, is looking glum. Turkey at twenty-five cents a pound is almost as bad as plumpers at eighty cents an hour.

November this year will have five Thursdays for the first time in fourteen years. The proclamation of the President setting aside the day as one of Thanksgiving, has not yet been made but he has stated that the 30th will be the day.

For the last fourteen years the holiday has always fallen on the last Thursday in the month, and this would make it fall this year on November 30. Some of the calendars, however, have marked Thanksgiving day on November 23, claiming that according to precedent the President will proclaim the fourth Thursday as the holiday.

Saloon men are just like father. They do not want two Thanksgiving days. It will mean keeping closed on two days instead of one, and with license costing \$750, they do not want to keep closed any more days than they must.

## KRAMMES CLAN HOLDS REUNION

Many Members From This County Gather For Event in Hancock County.

### FATHER'S DEATH RECALLED

He Expired Two Months Ago at Age of 91 Years—Miller Family Reunites.

The members of the Krammes family held their tenth annual reunion at the home of Grant Krammes, southwest of Greenfield Wednesday, and was attended by all near members of the family with few exceptions. The four brothers of Rush county, Hayden of Franklin county, Thomas of Owen county, and Grant of Hancock county were all in attendance while the only sister, Mrs. Frank Ellison, for the last two years a resident of Colorado, was unavoidably absent. The morning session was given over largely to meeting arrivals and renewing friendships and in calling to memory many fond recollections of the past. At the noon hour the tables were spread and laden with the best things to eat. Before eating, in harmony with an established custom of the family, all united in a brief devotional service.

After the noon intermission all retired to the social circle. The younger members spent the afternoon in games while the older ones passed the time socially and in perfecting their plans for future reunions. The secretary's report showed a vacancy in the organization since its president, Frank Ellison, had moved to Colorado some two years ago. The vacancy was filled by choosing Robert Krammes, president, and Mrs. Lewis Krammes, the present efficient secretary, was continued.

The death of Andrew Krammes, father of this well known family, was the only one recorded during the year and his demise came at the advanced age of ninety-one years. Mr. Krammes came to Indiana many years ago and left a number of brothers in Pennsylvania. They, like him, left quite a number of descendants, who maintain a perfect organization and meet in annual reunion; and while they have never met their Indiana kindred, they always sent special invitations to attend the Krammes reunions in the Keystone State.

The reunion was a pleasant one; the only feature to mar the day's enjoyment being the absence of the sister, Mrs. Frank Ellison of Colorado, the aged father, and Robert and Albert Krammes, who could not attend on account of sickness.

The day of joy and rare pleasure, with its varied and many pleasant connections was one that will be remembered by each member of the family as they continue to meet in annual reunion from year to year. The next reunion will be held at the home of Lewis Krammes, in Rush county, the third Wednesday in August, 1912.

#### Miller Reunion.

The Miller family reunion was held at Arlington Wednesday. The morning was devoted to visiting and reminiscence talks, and after dinner, the meeting was called to order by the president. After a devotional service, a program was followed out. Music was furnished by the Misses Ruby Macy, Edna Miller, Helen Maurer, Thelma Sailors, Josephine Miller, Alta Denner, Grace LaSalle, Olive Hetmansperger, Audie Hendricks and Clayton Stults and Wilbur LaSalle.

After the program the business of the association was transacted. It was decided to hold the next reunion at Wabash, August 17, 1912. The following officers were elected: T. H. Miller of Wabash, president; Ross Miller of this county, vice president, and Homer Howard of Wabash, secretary.

The following from a distance were present: Joseph Miller and daughter Nina, Phillip Miller, Mr. and Mrs. George Miller and daughter Louisa, Mr. and Mrs. John LaSalle, Wilbur and Grace LaSalle, Mrs. Will Maurer and daughter Helen, John LaForge, Mr. and Mrs. William Miller, Mrs.
